Mark presence '1,2,3...N' in array

For a num x , store its info at index $x-1$

Let's assume only +ve nos. then?

$$A[] = \langle \overset{0}{8}, \overset{1}{1}, \overset{2}{4}, \overset{3}{2}, \overset{4}{6}, \overset{5}{3} \rangle$$

$N=6$ ans $\rightarrow [1 \ 7]$

idx	elem	present \rightarrow idx	arr

1	1	0	$\langle \textcircled{-8}, 1, 4, 2, 6, 3 \rangle$
